

# U.S. Naval Update Map: Jan. 7, 2021

The Naval Update Map shows the approximate current locations of U.S. Carrier Strike Groups (CSGs) and Amphibious Ready Groups (ARGs), based on available open-source information. No classified or operationally sensitive information is included in this weekly update. CSGs and ARGs are the keys to U.S. dominance over the world's oceans. A CSG is centered on an aircraft carrier and includes significant offensive strike capability. An ARG is centered on three amphibious warfare ships, with a Marine Expeditionary Unit embarked.

**Carrier Strike Groups**

**CVN 68:** The USS Nimitz is underway off the coast of Somalia.

**CVN 71:** The USS Roosevelt is underway in the Pacific Ocean.
